### FROM THE PRINCIPAL'S DESK

Quality of teachers is a major concern in the educational system. The recommendation of NCTE regarding land and infrastructural facilities of Teacher Education Institutions is a welcome move. The guidelines for Teacher Eligibility Test (TET) is also being finalized. No effort should be spared in ensuring the quality of teachers and teacher educators.

Let us rope-in for shaping and nurturing a generation of quality teachers for the well-being of the nation. St. Joseph's Training College will be in the fore-front in these efforts.
